

Forensic Engineers expose Top Paedophile Robert Laubscher employed attorneys Strauss Daly

Paedophile and Child abuser Robert Laubscher of Strauss Daly has been exposed by a Forensic Audit of his hard drive.

He was exposed after he attempted for the second time to hack into the Computer systems of the Professional Engineers. Robert Laubscher hacked into the Computer e mail system on *Tuesday, January 15, 2013 3:43:55 PM EMAIL address: Robert@roblaw.co.za via UTC IP Address: 108.123.79.117 Location: Chicago, IL, USA* The sign-in attempt was prevented in this case. The Domain was registered to Robert Loubcher Prokureurs on the 29th April 2008.

A protocol was set up to trap him if he attempted it again. On his second attempt his firewall was penetrated, and his Hard drive cloned.

His cloned hard drive upon investigation revealed major criminal Activity, including pay off to the South African Police, by Motor Companies including Mercedes Benz. It also revealed pay off to Magistrates, Court Officials, and Prosecutors.

It also revealed his involvement in a major Paedophile ring, both Locally and International. The hard drive contained more than 10,000 pictures of young Girls and boys Ranging from the age of two upwards.

There was also a large number of young Black Girls, carry out various sexual acts between themselves and old white males.

This information has been forwarded to various authorities. In the USA and the UK.,
